“Catholic Schools Light The Way.”

February 2008

Dear Parents/Guardians:

Enclosed in our Family Envelope is a list of our “Catholic Schools Week” activities and Community Outreach Projects. Please come and join us for our celebration of “the best of the best,” beginning on January 27th-Mass at 9:00a.m. You are also welcome to attend any or all the activities during the week that may peak your interest. Note also the Community Projects. Each class continues to serve others who are less fortunate than we and God continues to reward each of our students for his/her altruism!

February 2nd is also a night of celebration! The Development Committee honors a distinguished graduate of ICS ! All of us involved have a wonderful time. The dinner is held at the school and you are most welcome to attend! Please contact Mrs. Karen Caron for more information and tickets. I look forward to seeing you there!

A recent collaboration between our Computer Consultant(Mrs. Desmarais) and The University of Lowell has developed into a “cutting edge” Robotics Class. Many Grade 8 students will participate. Their table top versions of Robots should produce a great deal of fun and enjoyment. Two Graduate students are also helping in the Lab and guiding our students in the right direction.

The conclusion of the two year Accreditation Process is fast approaching. The Teachers and Staff ,thanks to your patience and understanding, have done a Herculean Job! The visiting committee will be at ICS- April 6-9. What a treat for them. They will love the school!

As soon as my Grade 8 classroom teaching activities end, I hope to teach a Violence Prevention Program in Grade 6 and a Study Skills Class in Grade 5. Our students continue to develop skills and strategies that will ensure a successful future!

Please enjoy February and its vacation. If you go someplace that is warm, enjoy!

Sincerely,

A handwritten signature in cursive script that reads "Mrs. Murphy". The signature is written in black ink and is positioned below the word "Sincerely,".
