

January 4, 2007

Dear Parents:

I am pleased to announce another program that allows ICS to gain points towards equipment and supplies, all we have to do is look at the labels of what we buy (similar to the BoxTops for Education program). The Labels for Education program is a great way to get FREE merchandise for our school. Campbell's has made it easy for ICS School to reach our collection goals with over 150 products now worth 5 points! Just cut out the UPC code and Labels for Education logo from the products you purchase. Visit www.labelsforeducation.com for details.

Participating in the program is easy — simply save proofs of purchase from participating Campbell products and send them to our school. Some of the products eligible for redemption in the program include:

- Campbell's® soups
 - Campbell's™ or Franco-American® SpaghettiOs® pasta
 - Campbell's® beans, gravies, and canned pasta
 - Prego® pasta sauces
 - Swanson® broths and canned poultry
 - Campbell's® tomato juice
 - Pepperidge Farm® breads, cookies, crackers, and frozen products
 - Campbell's® Foodservice products
 - 26 varieties of condensed soup in specially marked cans
 - All Campbell's® Microwaveable Soups
 - All Campbell's® Supper Bakes® Meal Kits
 - All V8 Splash® Beverages
 - All Pepperidge Farm® Goldfish® crackers
- (visit labelsforeducation.com for a complete list of products and point values)

Help multiply our efforts by asking your friends and family to collect proofs of purchase on behalf of our school. If you have any questions about this program, please contact me at 978-851-9743, or drop an email to LFE@icslowell.com. As you collect the UPC codes and caps from products, just have your child bring them to school in an envelope marked "Labels for Education – Attn: Rich Levasseur". Don't forget to visit www.labelsforeducation.com for a complete list of participating products and more information about the program.

Sincerely,

Rich Levasseur

PS – Thanks to the Immaculate Conception parishioner who sent in some labels from the church which led me to investigate the program!
